

2018 Summer/September/October Monthly Report

My report is made of separate reports you might have missed and would like to see what has happened since the departure of Snowbirds in April/May. I must take the opportunity to thank and congratulate Bryan Hughes and John Fitzgerald for the hard work keeping the carpet and surrounds in excellent condition and management of the score boards, carpet, jacks etc. early mornings and throughout the competitions.

The Sunseekers had a good summer with the **Reliant Trophy** and **Eleanor McCraw** competitions taking place.

They also had a tremendous **storm** which spread mud and water over the carpet and surroundings. To bring things back to a normal state took a lot of hard work.

All games were won by ALBC but a great time was held by the clubs and ourselves.
